MONTEALEGRE
Freelance Web Designer

Luis Montealegre

Sr. Web and Graphic Designer

If anything can be said about how I offer my services to design agencies with their web projects, it's that I view the process similar to editing. I begin with a general concept, then I continue my work to perfect it, bringing it to the desired outcome within the established timeframe, in order to reach a balance between design and efficiency.

Portafolio

With more than 10 years in the design industry I can say that all my projects start with a general concept, then I continue my work to perfect it, taking it to the desired result within the established term, to achieve a balance between design and design and efficiency. That is just one of the things that I love what I do.

I started my freelance services because I like to work every day to create something beautiful that has the ability to impact the lives of others for business.

Testimonials

Are you still doubting my story?
Then read yourself what my clients have to say about my work!

"In these 3 years Luis has proven to be an honest, hardworking and trustworthy person.

I consider him a person with apt qualities for his work as a web designer. He has the gift of people and he develops with pleasure in his work, with initiative and ingenuity."

Silvia Rios

SEO Manager
White Shark Media
Managua - Nicaragua

"We are happy and very satisfied with the service that Luis has given us. From the beginning, he captured what we wanted and he adapted his work to the style and philosophy of our company, with an effective final result.

Another relevant aspect to highlight about working with him is how closely he works with his client."

Frank Irias

Art Director and Owner
Daisho Creative Strategies
Miami - FL

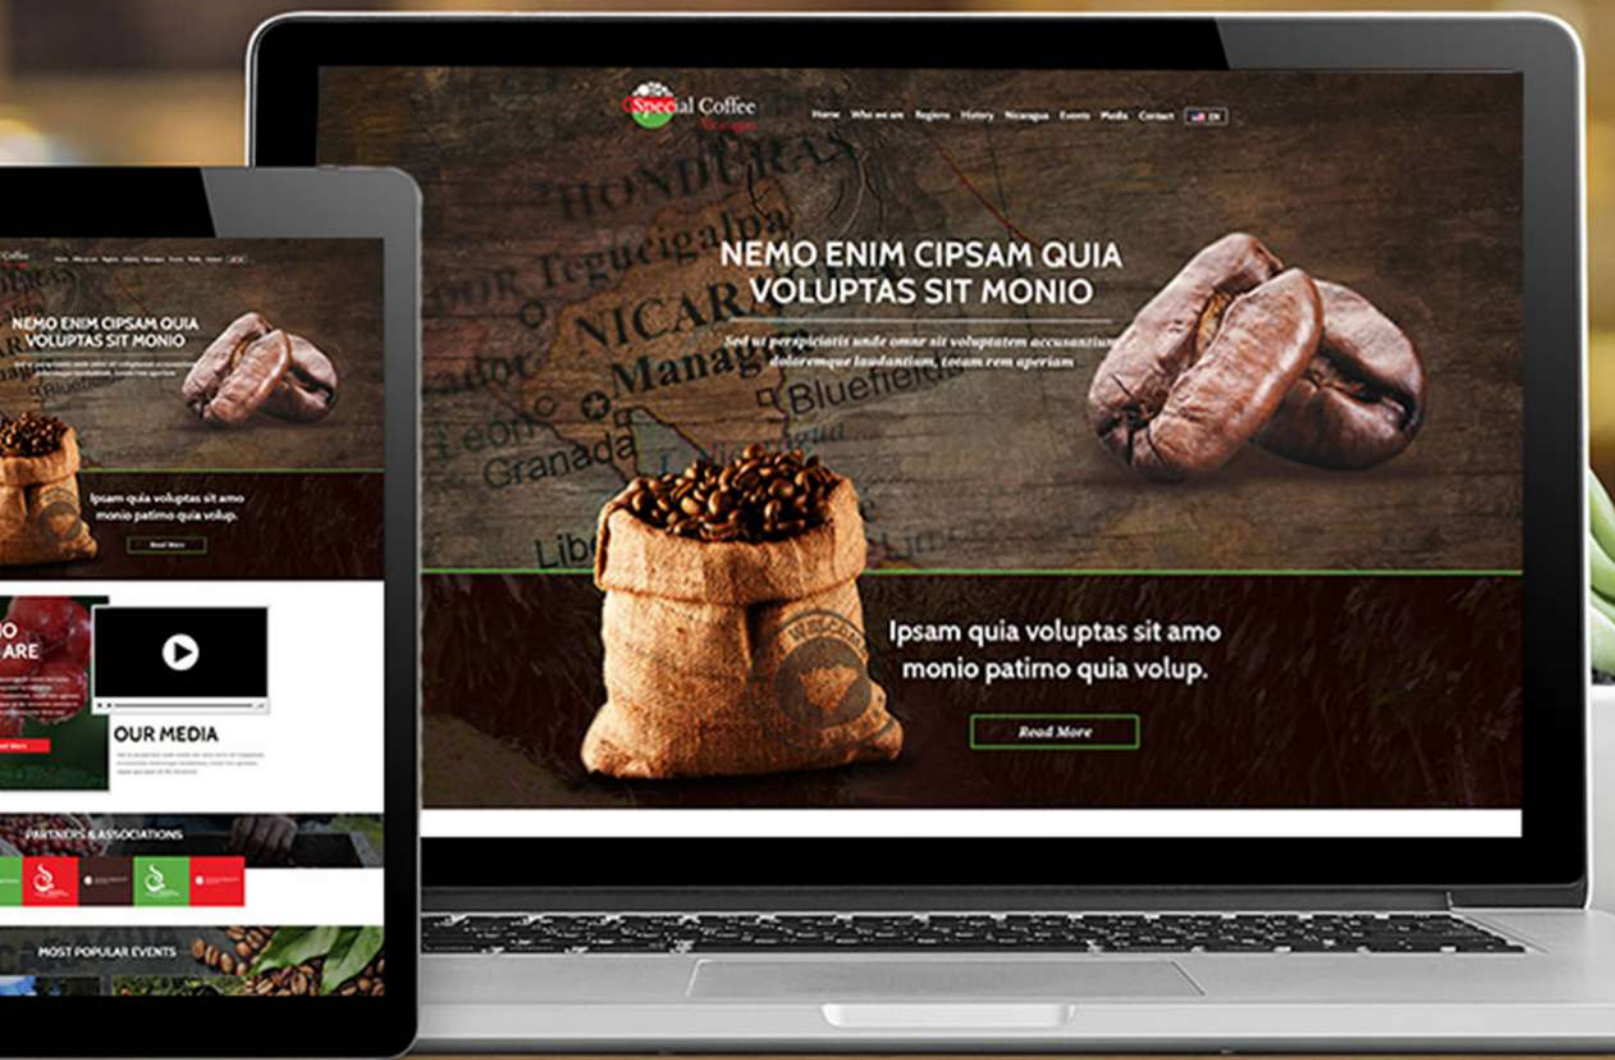

"Very satisfied with the service that Luis provides.

Not only did he detect and solve a serious problem with the creative area of my company, but he made a complete redesign to the structure of our department to do our work in a more efficient way."
